Please remember the speed limit when driving in our resort, for the safety of all residents and your visitors. This includes buggies, mobility scooters and “Tradie vehicles”. Just a gentle reminder to your tradie may help.

**SPEED
LIMIT**

While we are at it. When driving in our wonderful resort, please be mindful of the Storm Water Grates situated in the middle of the road. Some of these are a little loose, when a vehicle drives over these grates they become very noisy, especially at night. So please be careful and avoid driving on these grates.

Welcome to your new Website. The old site has served its purpose and needed updating, particularly with regard to signing in. On this site everybody can view regular activities and news without the need to sign in. If you wish to participate in the BLOG section, you will need your own personal password which can be recorded by contacting John on 7052.

We are open to suggestions to include more information if possible or any other changes you might recommend, also if you spot any errors or omissions please let me know.

All activities shown on the home page have a contact person, if any of those people would like to add more details about that activity you can email the information to plrbar39@gmail.com or drop me a note about such, John villa 52.
