New Managers/Caretakers

John & Christine would like to introduce ourselves to the residents of Palm Lake Bargara we are very happy to be back in Queensland and nearer to our family, in North of this wonderful state. John & I come to Bargara with previous Palm Lake experience and a wealth of skills and knowledge which will be put to good use managing this beautiful resort, with the best facilities in this area. We look forward to getting to know you over the next few months and hope that the community spirit of sharing and caring continues.

The culmination of 12 months of fundraising comes to a head on the 11/12th August with the “18 Hour relay walk”. We have three teams this year so hopefully that will ease the burden of the relay. The day will

commence at 2pm on Saturday 11th with the opening. Everyone is invited to walk the first lap with the Survivors and carers leading. This is followed by afternoon tea for the survivors and carers. If you are a survivor of cancer please join with us for this afternoon tea, if you get out to the Agro - trend grounds by about 1pm to register that would be good.

Entry to the event is by University Drive only and is, of course, free. You will be directed where to go at the gate. If you are a survivor just say so and that you are coming for the afternoon tea, and you will be directed where to go.

The setup of the grounds takes place on **Friday 10th August** and if anyone would like to help please contact Graham - Villa 178 or Robbo - Villa 160. We need as many helpers as we can get to mark out the sites (approx 60) and put the rubbish bins in place plus various other tasks.

Our teams will be having a final meeting on **Tuesday 8th August (10:30 in the old club house)** to make our final plans. This years theme is “Medieval” and your costumes should now be coming together. Banners and shields are being made - it will all make for a fun time. Our site will be selling various goods (cakes, biscuits etc). So come and join us and have some fun.

Medical Aids Subsidy Scheme

The Medical Aids Subsidy Scheme (MASS) provides funding for medical aids and equipment to eligible Queensland residents who have a permanent and stabilised condition or a disability. The scheme helps people to live at home and avoid early or inappropriate residential care or hospitalisation.

Aids and equipment are subsidy funded on a permanent loan basis, through private ownership or the supply of consumables. If you pay for more than 50% of the cost for an item, you can choose to take ownership, rather than having a permanent loan. However, this means that you are responsible for all repairs to that item.

MASS General Guidelines

The [MASS General Guidelines](#) assist prescribers in submitting applications to MASS and are updated regularly to reflect new requirements and eligibility criteria. In general, clients may be eligible for assistance under MASS if they:

- are a permanent resident of Queensland
- have a permanent/stable condition or disability
- hold a pensioner concession card, health care card or Queensland Government Senior Card
- meet specific clinical eligibility criteria relevant to the aid.

Relevant application guidelines and forms for each scheme or aid/equipment provide detailed information regarding eligibility requirements. Continued

PALM LAKE GOLFERS

Wednesday 17th July saw 10 players on a beautiful day at Bundaberg Golf Course.

Without the stress of starting the field John Chesters won the day with 38 Stableford points. Pam Van Huizen was the runner up with 37 points. Putting was also won by John Chesters but since he had already won a prize the balls went to runner up Daryl Baldock with 30 putts. Second runner up was Bev Munis who also collected a ball.

Shot of the day was made by Colleen Atherton on the par 3 14th hole to win the nearest the pin. Her shot finished less than a metre from the pin and the putt went in for a great birdie – Well done, Colleen!

Next game is again at Bundaberg on Wednesday 1st August with hit-off at 8 o'clock. The registration sheet is in the Ocean Breeze Clubhouse and new p[layers will be made very very welcome. Dust off the clubs and join in for a social round of golf on a good course, in good condition, and with great weather conditions.
