9. A request from a resident for a private barefoot bowls game has been received. Included in the playing numbers were children with ages s 2 to 11. Children under the age of 14 are not permitted to play on the green, unless they are accredited members of another bowls club. Also most of the visitors had not bowled before. This request was put to the committee. The greens belong to all residents, but the rules of play must be followed. New players are to be accompanied by resident bowlers at all times. Resident's family were informed of bowling green rules and regulations.

10. A discussion was held in regard to games being played north/south on Fridays. The question was asked that with only 2 hours/week being played in this direction, is this enough to extend the life of the green. Other bowlers have been asked to play north/south to no avail. It was decided that Friday games will be played east/west to try enticing more bowlers on a Friday. John was not happy but the rest of the Committee agreed.

11. There will not be any bowls on Good Friday. It was agreed by the Committee that \$200 be spent on prizes on Easter Sunday.

Action: Julia

12. PLR only supply a certain amount of water drinking cups for the outside water coolers. A box will be bought by the Committee to keep as back up. These will be kept in the lock up shed.

Action: Wally

13. Any incidents on the bowls greens must be reported. Volunteers included. Incident Reports can be obtained from the caretakers, first aid box and Red Claws secretary.

14. So that December is free for Christmas events, Affordable Screens & Blinds' last sponsor day in October will now be a \$400 day.
